

All Models Feature:

Faucet Options:

INSTALLATION:

Easy to install quick-connect fittings and convenient connections reduce probability of kinked or twisted water lines.

RELIABLE PERFORMANCE:

Due to the high temperature of the water, the tank is not under pressure. Our self-contained expansion chamber reduces dripping.

AUTOMATED HEATER PROTECTION:

Self re-setting thermal fuse protects the product in the event of a dry start up.

ENERGY EFFICIENT:

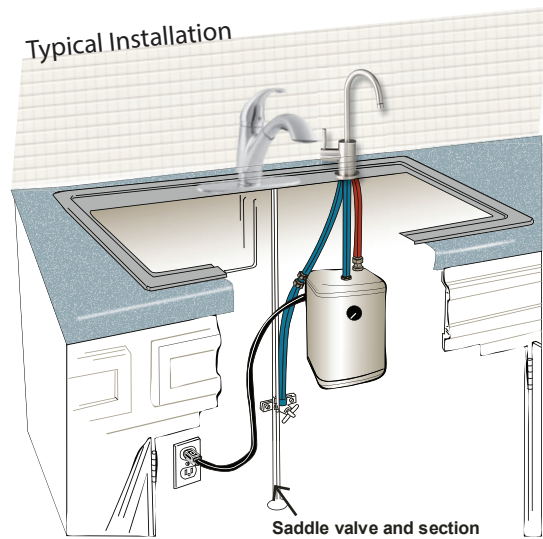

Uses less electricity than a 40 watt light bulb. Comes with installed power cord.

Due to continued product improvement, system configurations and specifications may change without notice.

We have several faucet options that offer various finishes and features. All faucets are available in chrome, brushed nickel, and matte black.

Typical Installation

Saddle valve and section of 1/4" copper tubing are not included.

- ADJUSTABLE TEMPERATURE
- UP TO 60 CUPS AN HOUR
- LONG LIFE STAINLESS STEEL TANK

*Ready When You Are.*

*Ideal for home, office, restaurants, tea shops, cafeterias, and wherever you can use a constant, fast, hot, source of water.*
