

TITAN[®]

FOOD WASTE DISPOSERS

3-Bolt Mounting System
Convenient Installation

All Models Feature an Attached Power Plug & Cord

Features

TITAN disposers feature a 3-Bolt Mount System for fast replacement of existing 3-Bolt installations.

Bio Shield® (Antimicrobial)

ODOR PROTECTION!

Disposers are treated with an antimicrobial agent molded inside providing protection against odor causing bacteria growth.

The **TORQUE MASTER®**

BALANCED GRINDING SYSTEM is a combination of computer designed and balanced components working in unison to provide superior torque grind speed and long system life.

The magnetic Silver Guard® captures most metal objects before they enter into the disposer chamber. This protective feature helps prevent damage to valuable cutlery. It also helps prevent damage to the disposer as well as expensive repairs caused by metal objects falling into the disposer.

Models

ALL MODELS CARRY A LIFETIME WARRANTY AGAINST FAILURE DUE TO CORROSION

Air Switch Power Option Available.

(Built-In option) available for all models except T-460 and T-660. The air travels from the button, through the air tube which is connected to the air switch inside the electrical box. (Special Order)

Batch Feed Powered Model Available.

The 3/4 HP, T-960 Model offers a Batch Feed version. Built in switch activated by inserting stopper. No extra switch or wiring required. (Not Pictured)
